ICOI World Congress
Sheraton Grand Sydney Hyde Park
September 11–13, 2025

Dear Esteemed Colleagues, Learned Friends & Honoured Guests,

It is with great pleasure and excitement that I extend a warm welcome to each and every one of you to the highly anticipated ICOI World Congress of 2025. It is my honour to co-host what promises to be the pinnacle event in the field of implantology and dentoalveolar augmentation, gathering the brightest minds and the most innovative ideas from around the globe.

This implant symposium stands as a testament to the relentless pursuit of excellence in dental implantology. I am thrilled to be an integral part of such a comprehensive program featuring a diverse array of topics presented by esteemed international and domestic speakers who are at the forefront of their respective fields. Their collective expertise promises to provide you with the latest advancements, cutting-edge techniques, and invaluable insights that will undoubtedly enrich your practice and broaden your understanding of implant dentistry.

Throughout the congress, you will have the opportunity to engage in stimulating discussions, exchange ideas with fellow professionals, and forge meaningful connections that have the potential to shape the future of clinical practice. Whether you are a seasoned practitioner seeking to enhance your skills or a newcomer eager to explore the possibilities of implant dentistry, this meeting offers something for everyone.

In addition to the wealth of knowledge shared during the presentations, we have curated an exhibition hall showcasing the latest innovations in implant technology and treatment modalities. This will be a prime opportunity for you to interact with leading industry experts, explore cutting-edge products and services, and stay abreast of the latest developments shaping the field.

As you immerse yourself in the symposium, we encourage you to take full advantage of everything it has to offer. Ask questions, participate in workshops, and seize every opportunity to expand your horizons and deepen your expertise. Our goal is not only to inform but to inspire, empowering you to elevate your practice and provide the highest standard of care to your patients.

On behalf of the organizing committee, we extend our sincere gratitude to each of you for your participation and contribution to this prestigious event. Together, we are shaping the future of implant dentistry and advancing the boundaries of what is possible.

Welcome to the best implant symposium in the world. Let the journey begin!

Warm regards,

Drs. Dean Licenblat & Tom Giblin
Scientific Chairmen

Modern Implantology — Is the Latest Really the Greatest or Can We Learn from History?

At the forefront of innovation and excellence in implant dentistry, our mission is to convene the premier gathering of professionals from around the globe, united by a shared commitment to advancing the field and improving patient care. Through cutting-edge research, unparalleled education, and meaningful collaboration, we strive to inspire, empower, and equip our attendees with the knowledge, skills, and insights necessary to achieve excellence in every aspect of clinical implantology. By fostering a culture of continuous collaborative learning, innovation and excellence, we aim to shape the future of implant dentistry, driving positive change and making a lasting positive impact on the lives of patients we treat worldwide.

Learning Objectives:

- **Mastery of Advanced Techniques:** Equip attendees with the knowledge and skills to master advanced surgical and restorative techniques.
- **Deciphering of Emerging Technologies:** Explore implant dentistry's latest innovations and emerging technologies, providing insights into cutting-edge treatment modalities and materials.
- **Comprehensive Treatment Planning:** Enhance your ability to develop comprehensive treatment plans tailored to individual patient needs and maximise predictable outcomes.
- **Management of Complications:** Doing is one thing, but effectively managing complications and challenges that may arise is another.
- **Multidisciplinary Collaboration:** Foster collaboration among dental specialists, including prosthodontists, periodontists, oral surgeons and implantologists, to optimise superior results.
- **Patient-Centred Care:** Emphasize the importance of effective communication, informed consent, and patient education, to enhance patient satisfaction and treatment success. Address ethical / legal considerations and adherence to professional standards and regulations.
- **Evidence-Based Practice:** Promote the integration of evidence-based principles into clinical decision-making, critically evaluate research literature and apply the latest scientific findings.

Table Clinic and Poster Presentations

Thursday, September 11, 2025 | 5:15 PM – 6:45 PM

You don't have to be a Main Podium speaker to participate in our congress. Why not plan to present a Tabletop and/or Poster presentation? A "proven training ground" for future and current Main Podium speakers, the very popular Tabletop and Poster competition will be held in tandem with our Welcome Reception in the Exhibit Hall. It allows presenters to interact with colleagues in a social, yet instructive manner. Tabletop and Poster presentations should display a challenging case or concept in a limited time format, i.e. 5-7 minutes, so that the case can be repeated as new observers gather. Poster presentations will be placed (tacked or taped) on boards at the beginning of the congress and will remain on display throughout the congress. Poster presenters should be at their posters to answer inquiries during the Welcome Reception. All presentations will be judged, with the winners' receiving awards and main podium consideration for future ICOI meetings.

Remember, all Fellows, Masters and Diplomates who conduct Tabletop or Poster presentations help fulfill their five-year maintenance requirements.

Parties interested in conducting a Tabletop and/or Poster presentation can download the application at <https://icoi.world/upcoming-events/>. **Completed applications must be submitted to icoi@dentalimplants.com by July 11, 2025.**
